Oriental Mindoro, Philippines | +63 966 695 4800 | gwenbasconcillo11@gmail.com | basconcilogwen.vercel.app

SUMMARY

Bachelor of Science in Information Technology graduate with hands-on experience across UI/UX design, front-end development, and software QA. Comfortable owning a feature end-to-end — from wireframes and design systems, through responsive HTML/CSS/JavaScript builds, to manual test case design and bug reporting. Currently expanding into React and Next.js. Open to full-time roles, freelance work, and collaborations.

EDUCATION

Mindoro State University — Calapan, Oriental Mindoro, PH

2022 – 2026

Bachelor of Science in Information Technology

- Academic Distinction, Dean's Lister (AY 2023 – 2026) · GWA: 1.7405
- Relevant Coursework: Web Development, Database Systems, Software Engineering, Human-Computer Interaction, Systems Analysis & Design, Object-Oriented Programming, Data Structures & Algorithms, Integrative Programming & Technologies, Embedded Systems, Artificial Intelligence, Capstone Project
- Capstone Role: Technical Writer/Documentation · UI/UX Designer

WORK EXPERIENCE

New San Jose Builders Inc. — Quezon City, PH

Feb 2026 – May 2026

Developer Intern — Technical Documentation & QA (486-hour OJT)

- Independently developed a web-based DailyDrive — Task Management System using PHP, Node.js, and MySQL, covering employee timetracking, an admin dashboard, and reporting modules.
- Wrote and executed test cases, logged defects, and validated system functionality prior to deployment.
- Documented system features and internal processes to support onboarding and future reference.
- Collaborated with the development team during sprint reviews and contributed to internal documentation.

UNIVERSITY PROJECTS

RM's AI Inventory & E-Commerce System — Capstone Project (for REMHART)

2024 – 2026

Technical Writer/Documentation · UI/UX Designer · QA Analyst | PHP, JavaScript, MySQL, AI Integration

- Contributed to an AI-integrated inventory and e-commerce management system with real-time demand forecasting, built for a live retail client.
- Designed UI/UX wireframes and prototypes, led requirements analysis, and authored full system documentation.
- Implemented end-to-end QA testing and designed the database schema and admin dashboard for stock, sales, and order tracking.

SafePath — Bullying Complaint System

2024

UI/UX & Graphic Design · QA Analyst | Express.js, TensorFlow, Wit.ai, Bootstrap, MySQL

- Designed a confidential student safety platform for reporting bullying incidents.
- Integrated AI-powered text classification (TensorFlow & Wit.ai) to automatically flag concerning reports for review.

Panchitan ni Unchang — E-Commerce (Wix CMS & Lavalust builds)

2024

Developer · UI/UX Designer · Technical Writer | Wix, PHP (Lavalust), MySQL

- Designed and built two versions of an online ordering platform for a local Filipino restaurant, including full site architecture, information design, and documentation.
- Lavalust build added FAQs, customer support, and user accounts with order history.

SKILLS & TOOLS

- Design & Prototyping: Wireframing & Prototyping, Design Systems, UI/UX Design, Canva
- Languages & Frameworks: HTML5, CSS3, JavaScript, PHP, Python, Bootstrap, Node.js, Express.js
- Data, CMS & Platforms: MySQL, Wix, Git & GitHub
- QA & Documentation: Manual Testing, Test Case Design, Bug Reporting, Technical Documentation, Multimedia Editing
